iv. **Degree with Honours/Research:** For students who successfully complete the entire four-year undergraduate program, Gauhati University awards a Degree with Honors or Research. This degree recognizes their comprehensive education and signifies their excellence in their chosen discipline, as well as their potential for research or higher studies.

The multiple exit points and corresponding certifications provided by Gauhati University accommodate the diverse aspirations and career paths of students, allowing them to receive recognition for their academic accomplishments at different stages of their undergraduate journey.

v. **Progression:** Gauhati University's three-year degree program leads to admission in the MA 1st Year program. On the other hand, the four-year degree program allows students to directly enter the MA 2nd Year program or pursue a Ph.D., subject to certain conditions and eligibility criteria.

vi. **Major Change:** Students at Gauhati University have the opportunity to change their major during the 4th semester, provided they meet the specific requirements and conditions set by the university.

vii. **Double Major:** Gauhati University offers students the option to pursue a double major in a blended mode. This allows them to earn 12 free credits through offline courses and 36 credits through online courses from MOOCS (Massive Open Online Courses). By opting for a double major, students can gain expertise in two different disciplines and enhance their career prospects.

viii. **Course Structure and Credits:** The undergraduate program at Gauhati University, GU-FYUGP, consists of two main parts: Core Courses and Common Courses. In a three-year degree program (with or without a major), a minimum of 84 credits is allocated for Core Courses and 36 credits for Common Courses. In a four-year degree program, 120 credits are assigned for Core Courses, and 40 credits are allocated for Common Courses. The detailed list of Core and Common courses, along with the credits assigned to each, can be found in the provided Programmes Offered column.

Gauhati University's curriculum structure, credit allocation, and flexible options for major change and double majoring allow students to personalize their education and explore diverse academic pathways. These features promote interdisciplinary learning, academic progression, and the acquisition of a well-rounded skill set.

ix. **ABC:** Gauhati University is registered in the Academic Bank of Credit (ABC), which is a virtual academic mechanism facilitating the mobility of students within and between Higher Educational Institutions (HEIs) across the country. As a result, all students of Batadraba Sri Sri Sankardev College come under the purview of the ABC. At the end of each examination in GU-FYUGP, the university deposits all earned credits into the ABC for each student. To participate in this system, students must obtain an ABC ID through the Digi locker platform before admission.

x. **Admission:** Prior to admission, students must first obtain an ABC ID. Once they have their ABC ID, they can proceed with the online admission process through the college's website (www.batadrabasscollege.org.in). Detailed information regarding the admission procedure can be found on the college's website, providing students with clear guidelines for successfully completing the admission process.
